

How to Navigate e-LAB Solutions Suite

Lab Selector

The Lab Selector allows you to view a list of laboratories/organizations to which you are associated to. Use the drop-down arrow to select the laboratory you want to access. If you do not currently have any laboratories/organizations associated to your profile, you must request access to a laboratory.

Organization Profile

Organization Profile provides functionality for laboratories to maintain their organizational data, including demographics, general information, relationships, roles/personnel, sections/departments, and inspections. To access Organization profile, click the blue button next to the Organization & Institution Information header.
