

CAP Foundation Futurescape Conference Series II

*Transforming Pathology: Emerging
technology driving practice innovation*

June 6-8, 2008
Westin O'Hare, Rosemont, IL

This year's Futurescape Conference takes a closer look at pathology's exciting transformation and provides strategies for reinvention and renewal of pathologists and their practices. Register today so you can be part of this exciting meeting. Hear how to harness technology to keep your skills and practice aligned with and ahead of rapidly advancing health care and patient delivery environments. Attendees will:

- Hear a keynote address from Jason Hwang, MBA, MD, co-author of the new book on disruptive innovation in health care.
- Learn how pioneering and driving forces of change in personalized medicine, the biomarker race, and industry will affect you during your lifetime.
- See demonstration of how pathologists are expanding their toolkits to deal with molecular imaging and diagnostics.
- Become aware of real-world practical applications – how the early adopter pathologists are succeeding and what are they doing now that will soon become mainstream.

Market forces are indicating the end of the microscope -- what should pathologists do? This conference is the place for you to help us define our future.

Registration on-line (<http://futurescape.cap.org>), fax (847-832-8324) or mail to Futurescape Conference, 325 Waukegan Road, Northfield, IL 60093.

Friday, June 6		
6:00 – 8:00 pm	Reception and Exhibits	Reception is underwritten by Biologene
Saturday, June 7		
Setting the Stage for Change		
7:00 – 8:00 am	Continental Breakfast and Exhibits	
8:00 am	Welcome and Introductory Comments	Mary E. Kass, MD, FCAP President, CAP Foundation
8:15 am	Keynote Address: <i>The Innovator's Prescription: An Examination of the Future of Healthcare through the Lenses of Disruptive Innovation</i>	Jason Hwang, MBA, MD
9:00 am	<i>Transforming Pathology: The Ingredients for Change – a Chef's Husband's View</i>	Jared N. Schwartz, MD, PhD, FCAP, President, CAP Presbyterian Healthcare
9:30 am	<i>System Approach to the Practice of Pathology: A New Role for the Pathologist</i>	Jose C. Costa, MD, FCAP Yale University School of Medicine
10:00 – 10:30 am	Beverage Break & Exhibits	
Personalized Medicine & the Biomarker Race		
10:30 am	<i>Personalized Medicine and Pathology: Friend or Foe?</i>	Mara Aspinall, Past President Genzyme Genetics
11:00 am	<i>Biomarkers in Anatomic Pathology: Adding value to diagnosis</i>	Jennifer Leigh Hunt, MD, MEd, FCAP Cleveland Clinic Foundation

11:30 am	<i>Innovation, Arrays, and Infections - E Pluribus Unum</i>	James Versalovic, MD, PhD, FCAP Texas Children's Hospital
12:00 – 1:30 pm	Lunch Break & Exhibits	
Beyond the Microscope: The Expanded Tool Kit		
1:30 pm	<i>The Future of Diagnostic Imaging: Radiology-Pathology Convergence – In Your Lifetime?</i>	John E. Tomaszewski, MD University of Pennsylvania Hospital
2:00 pm	<i>Medical Imaging Workstations - What's Missing and What's Coming (How to avoid \$1+M mistakes)</i>	Michael W. Vannier, MD University of Chicago Medical Center
2:30 pm	<i>Pathology and Imaging in Biomarker Development</i>	C. Carl Jaffe, MD, FACC National Institutes of Health, NCI
3:00 – 3:30 pm	Beverage Break & Exhibits	Lunch is underwritten by Cerner Corporation
Industry Perspective		
3:30 pm	Panel: <i>Corporate innovation as an Engine for Change</i> Brief Presentations by Each Participant Followed by a Panel Discussion	Moderator: Bruce A. Friedman, MD,FCAP Participants: Gene Cartwright, PhD (GE) David Okrongly, PhD (Siemens) Dirk Soenksen (Aperio) Mark Newburger (Apollo PACS)
4:45 – 5:00 pm	Discussion & Closing Remarks	Mary E. Kass, MD, FCAP
5:00 – 6:00 pm	Reception & Exhibits	
Sunday, June 8 Creating Value: Real World Practical Applications		
7:00 – 7:30 am	Continental Breakfast & Exhibits	
7:30 am	Introductory Comments	Mary E. Kass, MD, FCAP
7:45 am	<i>Morphogenomics and Morphoproteomics: A Role for Anatomic Pathology in Personalized Medicine</i>	Robert E. Brown, MD, FCAP University of TX-Houston Med. School
8:15 am	<i>Risks and Rewards of Pathology Innovation: Billion Dollar Bets</i>	Ronald S. Weinstein, MD, FCAP University of Arizona Medical Center
8:45 am	<i>Pathology and Radiology beyond looking at pictures</i>	King Li, MD The Methodist Hospital
9:15 – 9:45 am	Beverage Break & Exhibits	
9:45 am	<i>Infusion Centers: Opportunities For Financial And Personal Success</i>	Ronnie J. Garner, MD, FCAP Presbyterian/Tricore
10:15 am	<i>Practice Evolution: Decentralized Computer-Assisted IHC Image Analysis</i>	Liron Pantanowitz, MD, FCAP and Richard C. Friedberg, MD, PhD, FCAP Baystate Health
10:45 am	<i>Re-engineered workflow in the AP Laboratory: Costs and Benefits</i>	Erin Grimm, MD, and Rodney Schmidt, MD University of Washington Med. Center
11:15am	<i>The Role of Pathologists in the Era of Personalized Medicine</i>	Eric Walk, MD Ventana Medical Systems
11:45 am	Concluding Remarks	Mary E. Kass, MD, FCAP
